

The Cell Extraction event simulates a correctional facility scenario where an inmate has refused to comply. Competitors will activate a cell extraction team and execute procedures to safely extract he inmate.

Entry Requirements

- Teams must be composed of 6 members.
- Chapters can only register 1 teams to compete.

Materials

Only the below materials are permitted in the competition.

- Handcuffs Standard pair of handcuffs and a key
- Leg Irons Standard pair of leg irons and a key
- **Riot Shield** This shield must not give an electrical charge and is just a basic riot shield clear plexiglass type construction. No metal shield or shield containing any portions that stick out from the surface that can make contact and injure the inmate.
- Protective Gear (optional) Personal protective gear such as helmets, vests, elbow/knee/shin pads are not required but highly recommended for the safety of the competitors and actors
- Photo Identification Reference the rulebook (https://tpsa.info/rulebook) for details

Procedures and Timeline

- Check In (10 min Time Limit) Competitors must check in to their event at their designated check-in time. Competitors that arrive ten (10) minutes after their designated check-in time will be marked as no-shows and not be allowed to compete out of respect for the time commitment made by our judges and volunteers.
- **Pre-Event Briefing (5 min Time Limit)** After check-in, competitors will be guided to the designated event area. Once there, the moderator will provide a comprehensive briefing, detailing the event's instructions, rules, and procedures. This briefing ensures that each competitor is well-informed and prepared for the subsequent stages of the competition.
- Roleplay (15 min Time Limit)
 - The room moderator will set a timer for fifteen (15) minutes.
 - The room moderator will read the scenario to the team.
 - When the moderator starts the timer and calls "start", teams will begin their planning and execution of the event.
 - The moderator will call "time" when the fifteen (15) minute timer sounds or time will stop when the team has removed the inmate from the cell and placed him/her in the designated area.
- Evaluation and Scoring (5 min Time Limit) After the completion of the event, judges will convene to assess each competitor's/team's performance based on a standardized rubric. This stage is conducted without the presence of the competitors. Judges will evaluate the criteria outlined in the rubric to ensure a fair and objective scoring process. Once all assessments are finalized, scores will be recorded for each competitor/team.

Rules

Competitor Requirements

- 1. Competitors in this event must be active members of the Texas Public Safety Association and in good standing with the Texas Public Safety Association.
- 2. Competitors must be familiar with and adhere to the Texas Public Safety Association Bylaws and Code of Conduct.

Time Limits

- 1. A fifteen (15) minute maximum time limit has been set for the scenario. Timing will begin when the moderator advises the team leader to begin.
- 2. Time will stop when the team has removed the inmate from the cell and placed him/her in the designated area.
- 3. Competitors will be stopped at the end of the fifteen (15) minute time limit if the inmate has not been placed in the designated area
- 4. If a team has not successfully placed the inmate in the designated area within the fifteen (15) minute time frame, the team will receive a "Did Not Finish" (DNF) and will lose points for requirements not finished.

- **Team Member Responsibilities** The Team Leader must first reasonably attempt to gain compliance with the inmate prior to advising the team to enter the cell and use force.
 - **Team Leader** Verbal Commands and signals entrance of team
 - First Position Shield guard
 - Second Position Left Arm
 - Third Position Right Arm
 - Fourth Position Left Leg
 - Fifth Position Right Leg

Safety Protocols

- "Index" Command In the event the "Index" command is given by any judge or event supervisor, all competitors will immediately stop what they are doing and await further instruction.
- Assaults, Injuries, and Tactics Unusual tactics may not be used during the event, if the team is unsure they should consult the Judge before the event begins. Teams are prohibited from causing injury to any of the actors, this will result in an automatic DQ. If action causing injury was intentional the chapter's membership will be suspended. Team members will use extreme caution when placing the inmate's arms/hands behind the back for handcuffing. Team members are prohibited from picking the inmate up by the restraints or arms in a manner that would cause injury to the shoulders or wrists.
- **Prohibited Materials** Flash bangs, live munitions, or any type of projectiles are prohibited during the event. Use of any of these items will result in a DQ, the competitor's school being responsible for any damages and the chapter's membership suspension.
- **Property Damage** Teams are prohibited from breaking glass, windows, doors, etc, during the event. Such activity will result in a DQ and the competitor's school being responsible for any damages. Intentional property damage will result in chapter membership suspension.

Judge Qualifications

• At least one judge must be familiar with how a cell extraction is performed and the necessary safety measures that need to be in place.

Criteria	Unattempted	Unsatisfactory	Satisfactory	Proficient	Exemplary	Points
Team Leader						
Developed plan Team Leader developed a plan with teammates prior to start	Team Leader did not develop a plan with teammates prior to start		Team Leader developed a plan with teammates prior to start			0pts
Communication The Team Leader gave clear commands to the inmate and communicated effectively with other team members	No commands were given to the inmate and/or team members	Team Leader attempted communication but commands to the inmate were not clear and communication with the team members was ineffective	The team leader gave commands to the inmate and the team that were somewhat effective	The Team Leader gave clear commands to the inmate and other team members	The team leader gave loud and clear commands to the inmate and communicated effectively with the team	0pts
Compliance The Team Leader gave the opportunity for the inmate to comply after each command	The inmate was not given an opportunity to comply after each command		The inmate was given the opportunity to comply after most commands	The inmate was given an opportunity to comply after each command.		0pts
Command Presence The team leader showed an appropriate amount of authority and strong command presence	The team leader showed no authority and/or command presence		The team leader showed some command presence, but no authority	The team leader showed an appropriate amount of authority and appropriate command presence	The team leader showed strong authority and strong command presence	Opts
Responsibilities The team leader ensures the team is stacked in the proper entry order and advises the team when to enter the cell	The team leader did not ensure the team was stacked in the proper entry order AND did not advise the team when to enter the cell	The team leader ensured the team was stacked in the proper entry order but did not advise the team when to enter the cell	The team leader advised the team when to enter the cell, but did not ensure the team was stacked properly	The team leader ensured the team is stacked in the proper entry order and advised the team when to enter the cell		Opts
First Position - Shield						
Contact Makes direct contact with the inmate by pinning the inmate against the wall, floor, or bunk using the shield for protection	No shield or shield man	Made contact with the inmate but makes no attempt to pin the inmate.	Makes contact with the inmate, but fails to pin the inmate against the wall, floor, or bunk using the shield for protection	Makes direct contact with the inmate by pinning the inmate against the wall, floor, or bunk using the shield for protection		0pts
Pressure Applied pressure center mass on the inmate while trying to avoid striking the inmate in the face or head with the top of the shield	No shield or shield man		Effectively applied pressure on the inmate, but not center mass	Applied pressure center mass on the inmate without striking the inmate in the face or head with the shield		0pts

Criteria	Unattempted	Unsatisfactory	Satisfactory	Proficient	Exemplary	Points
Move The shield man moves the shield after the 2nd and 3rd members are set in their position and assist other team members if needed	No shield or shield man	Does not move out of the way until after the 2nd and 3rd team members are set in position	The shield man moves the shield after the 2nd and 3rd members are set in their position, but does not attempt to assist team members	The shield man moves the shield after the 2nd and 3rd members are set in their position and assist other team members if needed		Opts
Second Position- Left Arm						I
Control Immediately gained control and maintained control of the inmate's left arm	Did not gain control of the inmate's left arm	Gained control of the inmate's left arm, but did not maintain control	Lost control of the inmate's left arm, but regained control	Gained and maintained control of the inmate's left arm	Immediately gained and maintained control of the inmate's left arm	0pts
Handcuffing Assisted team member with handcuffing the inmate	Did not attempt to assist the team member with handcuffing		Attempted to assist the team member with handcuffing	Assisted team member with handcuffing the inmate		0pts
Third Position - Right Arm						
Control Gained control and maintained it until the inmate's right arm was secured in handcuffs	Did not gain control of the inmate's right arm	Gained control of the inmate's right arm but did not maintain control	Lost control of the inmate's right arm, but regained control	Gained and maintained control of the inmate's right arm	Immediately gained and maintained control of the inmate's right arm	0pts
Handcuffing Applied handcuffs in a fluid/smooth manner	Did not attempt to apply handcuffs		Applied handcuffs but struggled to get them on the inmate	Applied handcuffs in a fluid/smooth manner	Immediately applied handcuffs in a fluid/smooth manner AND loudly announced the handcuffs were on	Opts
Double Lock Handcuffs were double locked	Did not attempt to double-lock the handcuffs	Attempted to double- lock cuffs but was not successful	Double-locked one handcuff	Double-locked both handcuffs	Both handcuffs were double-locked and the team member announced loudly that they were double-locked	Opts
Fourth Position - Left Leg						
Control Gained and maintained control of the inmate's left leg until the inmate was secured in leg irons	Did not gain control of the inmate's left leg	Gained control of the inmate's left leg, but did not maintain control	Lost control of the inmate's left leg, but regained control and maintained control until secured in leg irons	Gained and maintained control of the inmate's left leg until the inmate was secured in leg irons	Immediately gained and maintained control of the inmate's left leg until the inmate was secured in leg irons	Opts
Leg Irons Assisted team members with leg irons Fifth Position- Right Leg	Did not assist team member with leg irons	Attempted to assist team member with leg irons	Assisted team members with leg irons			0pts
That I osidon Right Leg
