Procedures and Timeline

- **Check In (10 min Time Limit)** Competitors must check in to their event at their designated **check-in time**. Competitors that arrive **ten (10) minutes** after their designated check-in time will be marked as no-shows and not be allowed to compete out of respect for the time commitment made by our judges and volunteers.
- **Pre-Event Briefing (5 min Time Limit)** After check-in, competitors will be guided to the designated event area. Once there, the moderator will provide a comprehensive briefing, detailing the event's instructions, rules, and procedures. This briefing ensures that each competitor is well-informed and prepared for the subsequent stages of the competition.
- **Scenario Briefing (5 min Time Limit)** The judge presents a detailed briefing of the traffic stop scenario. This will include specific information about the pre-stop traffic violation that may include but not limited to the stop location, unit number, and offences observed. The judge will read directly from the hard copy scenario document. The competitor is not permitted to take notes during this portion of the event. Upon completion of reading the pre-stop information the judge will start the timer and hand the document to the competitor. The competitor may not ask questions in attempt to garner additional information or clarify provided information.
- **Roleplay (20 min Time Limit)** Competitors proceed to the traffic stop simulation, replicating the duties of an on-duty traffic enforcement officer. They conduct the 7 step traffic stop, demonstrating their skills in safety, communication, professional interaction and writing citation skills. This immersive experience serves as an opportunity for students to exhibit their competencies in a real-world application.
- **Evaluation and Scoring (5 min Time Limit)** After the completion of the event, judges will convene to assess each competitor's/team's performance based on a standardized rubric. This stage is conducted without the presence of the competitors. Judges will evaluate the criteria outlined in the rubric to ensure a fair and objective scoring process. Once all assessments are finalized, scores will be recorded for each competitor/team.
